## Town of Shandaken Flood Hazard Mitigation Plan Update Minutes of Meeting

	Town of Olive; Town of Hardenburgh; Town of Woodstock; Town of Denning; Town of Middletown; Town of Hunter; Village of Margaretville; Delaware County Planning; Delaware County OEM With the exception of a request to clarify the purpose of the outreach from the Big Indian District Fire Department, no feedback has been received to date.	
	<ul> <li>Repetitive Loss Area Outreach and Survey: 162 hard copy letters were posted via US Mail to property owners in the initially identified repetitive loss areas with a request to fill out a survey to gather information on flood history and impacts to the properties. To date 9 responses have been received. The committee will work to include a short article in the Esopus Creek Newsletter to urge recipients to fill out the survey.</li> </ul>	
3.	Additional Items/Next Steps: The committee reviewed the updated delineation of Repetitive Loss areas within the Town, comprised of clusters of structures with similar flood exposure to documented NFIP properties in the planning areas and indicated that inclusion properties with damages due to the Hurricane Irene represent a statistically probable storm and should be considered in further analysis. The consultant will include these properties in the analysis which will expand the number of properties included in the repetitive loss areas.	
4.	<ul> <li>Adjournment: The meeting adjourned at 12:20 p.m. A public meeting to present the draft plan and repetitive loss area analysis process; and to gather information from the repetitive loss letter recipients will take place on Tuesday, June 18<sup>th</sup> at 6:30 pm.</li> <li>The next S.A.F.A.R.I. meeting will be at 10 am on July 9, 2019 at AWSMP offices.</li> </ul>
