### Big Indian Park

Plans for Big Indian Park include:

- determining electrical capacity
- exploring replacing the small pavilion with a bandstand
- negotiating with Bridge contractors regarding the transfer of land to the park once the bridge is completed.

### Glenbrook Park

The new bench donated by the Wygant family has arrived. John agreed to take it and assemble it. It will be placed where the child's sized bench is now. The child sized bench will be moved nearer the playground.

A concern was raised regarding the bleachers needing repair or replacement. Kathy will look into this. Martie is checking with Aaron Bennett.

The flowers and bushes planted last summer survived the winter well. Little league games have begun and appear to be going well.

### Parish Field and Simpson Minipark

The daffodils have made a colorful appearance in Simpson Minipark.

Before commencing landscaping projects, we are seeking confirmation from Rob Stanley concerning changes to the park's entrance.
