

PHOENICIA WATER COMMITTEE MINUTES. JULY 2026

In attendance:

Aglaia Kilb

Kathryn Haber

Joe Michaels

Kyle Steen

Meeting starts at 9:21

Kyle gave us an update and will send notes to the committee meetings. Kyle had to leave at 9am. Joe arrived at 9:15.

Fix the shed door to be bolted.

Schmidt's whole sale is looking for a top for the infiltration gallery.

DOH said that because we are not using the springs we don't need to do turbidity tests multiple times a day. If we used the springs we would need the turbidity test.

Babs was on board for the remote monitoring.

Joe suggested anyone who owes community service for a DUI or something like that might be a good candidate for painting the fire hydrants.

Notes from Kyle:

Water meeting

2 refurbished pumps installed in infiltration gallery

- one needs gasket and new foot valve. Gasket and foot valve installed!!!
- other is working better than ever
- 2 pumps back to emmons in albany

DOH walkthrough

- Looking to see if we don't need turbidity tests since we aren't using springs
- Recommend getting the springs up and running for backup water
- Waiting for official report
- Recommends remote monitoring
- Recommend tank inspection

Walkthrough with engineering firm hired by ulster county to aid in drinking water systems.

- Waiting on official report
- Should get tank inspection

New service on 214

- Joyce produced application
- Need to distribute application and bylaws to applicant
- Applicant needs to pay for everything involving new service connection

Need to hire someone or search for volunteer to paint fire hydrants. We supply paint and brushes.
Will ask Teddy if he's interested.

Need to clean up around storage shed. Poison Ivy

Shane said October would be a good time to clean inside storage shed

I will be gone from Friday 31 to August 9. Shane will be taking over for that time.

Moving forward with remote alerts and controls.

Got a quote for cleaning the infiltration gallery

Around \$4000

Schmidt's is looking for a top for well. They shipped an option.

Kathryn makes motion, joe seconds. Meeting ends at 9:34.
